Subject: Letter of Recommendation

We have a long association with Tangentia India Technologies Pvt Ltd. They have provided us numerous solutions including EDI. We can say with confidence that Tangentia is the best supplier we have worked with. The programmers working on our projects have not only been competent and experienced; but they have also been enthusiastic, dedicated, intelligent and enterprising.

Communications have been of very high quality. All the process systems are well planned and controlled. It is clear that this is a very well-managed company.

Tangentia has been a trusted partner and always willing to help resolve the most complex of issues. The quality of the coding and in general work done has been very high. They were extremely professional, friendly, and easy to work with.

We value our relationship with Tangentia. I would recommend them to anyone.

Yours faithfully,

Vikas Marwah
